<sup>1</sup> **Experience Credits:** For every year of service after the first year, an additional amount of money per year of service is to be added to determine the applicable Total Effective Salary. If the length of service as of 12/31 is less than a full year, this amount can be prorated. For years of service 2-5 and additional \$200 will be added for each year; for years 6-10 the amount is \$250 for each year and for years 11 and greater the amount is \$300 for each year.

<sup>2</sup> SECA can actually be less than 7.65% of Effective Salary. See Line 9

<sup>3</sup> The “Minimum Participation Basis” is the figure, set by the Board of Pensions, on which calculation of medical and pension dues are to be paid. For some part-time positions, this results in dues for the medical plan that are more than the 27.0% of effective salary; still, this means the Board of Pensions will provide full medical coverage for the part-time minister and their family. The Pension/Death portion of the dues is also subject to a “minimum participation basis,” but this “kicks in” only for 10 hour or less positions. The 2022 minimum is \$11,000 for medical dues and \$1,530 for pension, death, & disability.

<sup>4</sup> The Committee on Ministers & Congregations suggests that if a minister does not spend the full minimum amount (line 13) of Professional Expense (books, subscriptions, meals, events) and Continuing Education (conference or study weeks, and the registration, travel, lodging and meal costs associated with them), the church “bank” the unspent amount and allow them to accrue for a future year when the minister takes their sabbatical, or other significant event.

<sup>5</sup> Due to variables in ministry and circumstance (e.g., distance to hospitals, number of meetings, amount of pastoral calling expected) setting one mileage figure for all churches and ministers is not practical. To enable the church to budget for this travel expense, the session and minister should together determine the anticipated full amount of a minister’s non-commuting travel costs (mileage, tolls, parking.) **As always, this should be paid as a reimbursable plan with proper verification, not as a taxable monthly allowance.**

**Total Effective Salary (TES):** Please note that COMAC will focus on this amount. For ministers without a Manse Amount (line 6 above), the relative Cash Salary, Housing Allowance, etc. amounts that equal the TES can be negotiated between the Church & Minister. Housing allowance is exempt for Federal Income Taxes.

**\*\*NOTE:** CRE salary guidelines are 75% of the above.
