Mini April 2026

Come! Let's Get Excited and Recharged
Let's get together for PWSNE Triennium 2026

Theme: Growing in Love with Presbyterian Women

Your Design Team has been working very hard to create an exciting Triennium in New Hampshire. The leaves should be beautiful at this time. Come Join Us for a lively time. Begin exploring ways to entice your fellow PW to attend. Join with another Presbytery, even those inactive to form a transportation train along the way. So, please begin to pack and make list, bring your hope, your Bible or Bible app, a willing spirit and the joy of seeing and being in a circle of women.
